Long Live Farms

Viva Farms is hosting a screening of the documentary film *Ingredients* at the Lincoln Theatre in Mount Vernon. Described as “a seasonal exploration of the local food movement,” the film was a selection of 12 film festivals across the United States, including the New York United Film Festival, the Washington, DC Environmental Film Festival, and the Napa Sonoma Wine Country Film Festival.

The event includes a short documentary on Viva Farms followed by a discussion about the effort to preserve sustainable farming culture, create a strong and just food economy and provide aspiring and limited-resource farmers opportunities for success.

Locally produced beer, wine and cider will also be served.
